### Product information

PET bottle to glove concept for improved sustainability. The recycled 15 gauge PET yarn has moisture managing properties keeping the hands dry and comfortable. Touchscreen compatible index and thumb finger. A unique knitting structure accounts for a lowered little finger which gives a snug-fitting while improving comfort. A very low carbon footprint value compared to the manufacturing of other yarns such as nylon, polyester and cotton. Micro-foam Nitrile coating offers 360 breathability. Micro cup structure for superior grip in wet and dry conditions. Ultra thin coating for higher sensitivity.

### General Handling

The general handling and grip glove category is one of the most popular collections within the Portwest hand protection range. A carefully selected range of coatings, including latex, nitrile, polyurethane and PVC, provides a broad range of styles suited to a diverse range of tasks.

### Hand Protection

A wide and increasing range of hand protection products is available. In order to help cater to every need. Only the best materials and manufacturing methods are used in the production of Portwest's extensive range of Hand Protection products....
